

RCD (residual current detection) adapter, Kletti-Mohr

RCD adapter KM-PSA 16

Adapter for personal protection, the operation of heating mantles with RCD (residual current detection) is imperative! This adapter is to switch between heating mantle and source of power. GS-tested.

Tripping current: <30 mA
time: <30 ms
max. power load: 3689 W (16A)
system of protection: IP44
nominal voltage: 230 v AC

Type	Order No.
KM-PSA 16	10 91 90200
