

Digital Syringes, IDL

① Digital syringes

Digital syringes consist of an ergonomically designed holder with LC display and a microliter tip from the series 700, 1700 or 7000. The dosing volume is shown digitally and the correctness of the unit confirmed by a calibration certificate.

Syringe type	Vol. μl	Can. gauge	pst	Order No.
75 NDS	5	26 S	2	19 00 30075
701 NDS	10	26 S	2	19 00 30701
