

## Electrode Clamps Wendoflex and Flexi-Clamps, neoLab®

### “Wendoflex” Electrode Clamp

Electrode clamp with flexible metal hose and plastic clamp for electrodes with 3 holders. The flexible hose allows the electrode to be placed in any position required.  
Total length: 380 mm

### Flexi-Clamp

Extremely flexible metal hose. Holds flasks, thermometers, cables or tubes with diameters of 2 to 63 cm. Also suitable for heavy items.  
Total length: 350 mm

Ideal for use with Stand Plate and Magnetic Base, 15 kg carrying capacity.
