

Volumetric Flasks, PP, Class B, ISOLAB

WWW.MUE001

ISOLAB
Laborgeräte GmbH

Manufactured according to DIN EN ISO 1042 standard from clear polypropylene. Resistant to most acids, bases and many commonly used solvents. Calibrated according to DIN/ISO Class "B" standard.

Clear flasks are manufactured from very clear polypropylene resulting high transparency and clear indication of meniscus line. Amber flasks are manufactured from special formulated polypropylene preventing UV light penetration into the flask yet still offering high transparency.

All volumetric flasks are supplied with a leak-proof PE stopper which ensures perfect closure. For consistent accuracy should not be used with liquids over 60°C or kept under direct sunlight for long periods.
